

COUNTY DURHAM COMMUNITY FOUNDATION

ONE IN THREE CHILDREN LIVING IN POVERTY

DONATE
TODAY

Your donation to the Poverty Hurts Appeal can bring hope to the thousands of children living in poverty in County Durham. In the three years before the pandemic, North-East child poverty rose to 37% - equivalent to 11 children in every classroom of 30.

We think that's terrible. So we're donating the £7k we saved in staff travel expenses, because of the pandemic, to launch the appeal.

All money donated in County Durham will support people in County Durham and the work of the Foundation.

MATCH FUNDING

- Businesses and individuals can boost their donation by 50p per £1 donated, up to a donation total of £1,000*
- *Please contact Alison at alison@cddf.org.uk to unlock your match funding and learn more

NO-ONE SHOULD CHOOSE BETWEEN HEATING AND EATING

Your donation can help people like:

Fred* a 97-year-old veteran who thought he would never see his family again because of the pandemic.

A local project funded by the Foundation gave Fred a tablet and showed him how to use it. Now he sees his family every day.

Kerry* raising her large family alone after the sudden death of her husband.

Foundation funding supported Kerry with underwear, socks and leggings to take away some of the expense of setting children up for the new school term.
